CODES

PRELIMINARY AMENDMENT

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

SIR:

Prior to a first examination on the merits, please amend the above-identified
application as follows:

IN THE SPECIFICATION

Page 21, line 20, to page 22, line 7, please replace the paragraph with the following
paragraph:

In the fourth embodiment, a plurality of code accumulating sections, code reading-out
sections, and demodulating sections are provided for one original code generating section 1.
However, in the fifth embodiment, a plurality of original code generating sections are
provided; the allocating section 41 selects any one of a plurality of code accumulation

10031372-01802

sections, based on a control signal from a control section 3; and despreading codes generated in each original code generating section are output to the selected code accumulation section, though one original code generating section is provided with a plurality of code accumulation sections, code reading-out section, and demodulating section in the fifth embodiment.

IN THE DRAWINGS

Approval of substitute Figure 11 submitted in a letter attached hereto is respectfully requested.

REMARKS

Favorable consideration of this application, as presently amended, is respectfully requested.

The present preliminary amendment is submitted to correct for a minor informality in the specification. The present preliminary amendment also submits a substitute Figure 11 which properly labels elements "61" and "65".

The present application is believed to be in condition for a full and thorough examination on the merits. An early and favorable consideration of the present application is

hereby respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
